

# TASK STATUS TRACKER

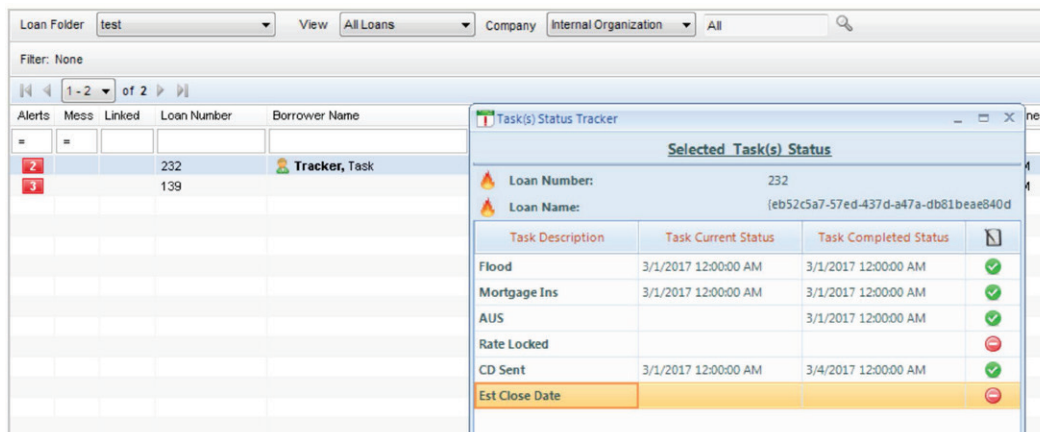

## MANAGE YOUR PIPELINE AND SAVE TIME.

See your tasks without entering a loan file!

The Ignite TST allows a user to quickly reference what 'general' items are outstanding on a loan - without ever having to enter the file. And by "general" we mean items needed on MOST transactions.

## TASK STATUS TRACKER HIGHLIGHTS INCLUDE

- Access simply by right clicking a loan in the pipeline and selecting the TST
- Tasks will be presented to the user for quick and efficient reference
- Sort by open vs completed tasks
- Admins can customize items for tracking
- TST window can remain open in a loan file while user reconciles open items

The screenshot shows the Ignite Task Status Tracker interface. At the top, there are filters for Loan Folder (test), View (All Loans), Company (Internal Organization), and All. Below this is a table with columns: Alerts, Mess, Linked, Loan Number, and Borrower Name. The table contains two rows: one with Loan Number 232 and Borrower Name 'Tracker, Task', and another with Loan Number 139. A 'Task(s) Status Tracker' window is open over the table, displaying 'Selected Task(s) Status' for Loan Number 232 and Loan Name {eb52c5a7-57ed-437d-a47a-db81beae840d}. The window contains a table with columns: Task Description, Task Current Status, Task Completed Status, and a status icon.
