

ENTITLEMENTS

HOW DID THEY DO THAT?

The Ignite Entitlements application validates the permissions associated to a user within Encompass. Users persona(s) and role(s) are monitored and leveraged to identify how users are interacting within Encompass and the loan itself.

BENEFITS OF THE ENTITLEMENTS APPLICATION:

- Identify personas and roles assigned to each user
- Determine discrepancies associated with user permissions
- Identify access to system functions at the user level
- Transparency across all users system access
